USRL 2016 CLASS RECEIVES STUDENTS FROM MANY COUNTRIES

By the mercy of God, Gospel Through Colombia has remained true to its name. The gospel is flooding Latin America through Colombia as we hold firmly to the doctrines of grace and to the reformed confessions, even at the cost of relationships. Universidad Seminario Reformado Latinoamericano has received applications from Nicaragua, Chile, Panamá, Venezuela, Bolivia, Perú. After an intense training in Medellin, those students will become a stronger infrastructure for USRL in their respective countries.

3RD USRL GRADUATING CLASS RECEIVED CERTIFICATES AND DEGREES

To God's glory here is the fruit of your investment. This year we expect to include the virtual and modular program students in the graduation ceremony. Their charge was, "You know and demonstrated deep commitment to the doctrines of grace. If you teach or preach another gospel may you be anathema."

REFORMATION POWERFULLY IMPACTS VENEZUELA

At the December Reformed Convention in Caracas, a multitude of pastors came from all regions of Venezuela. The Book of Romans convinced the great majority of those pastors regarding the doctrines of grace. They requested GTC to send a professor every month to teach in Caracas. Many registered to study in

Medellin this year. The evangelical church in Venezuela is rather young. The pastors expressed joy that reformation doctrines arrived early before other nonbiblical doctrines take root.

YOUR KINGDOM COME (Matt. 6:10a)

God has powerfully used GTC to bring reformation to Latin America. We rely on your gifts of any amount for the expansion of His kingdom. Funds are needed in order to properly attend the needs of this year's students. The impoverished Venezuelans have to be fully supported. Their salary is only fifteen dollars per month. Please remember GTC when you pray *Your kingdom come*, which means missions.

The GTC annual banquet in the Orlando area will be on April 29, 2016. Please reserve this date. Greetings in Christ,

Mimi Acosta
