SRL SEMINARY - SEMINARIO REFORMADO LATINOAMERICANO

To God's glory SRL has become a trusted, well-respected seminary in all Latin America and in the U.S. Because its focus is biblical theology, the word *university* has been eliminated, and now it is simply **Seminario Reformado Latinoamericano**. This change has been properly documented and accepted by the Florida Department of Education. The mission of SRL is to provide biblical theological education and training to indigenous pastors, in their native tongue, to proclaim the gospel of grace to their own people. Over four hundred pastors and students from several countries have registered in 2017. Over 60 distinguished professors are donating 30 hours each to teach a course at SRL branches.
